Patents

Patents **1 - 50** on **authentication software source**. (0.38 seconds)[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

Authentication of a message source

US Pat. 5754657 - Filed Mar 10, 1997 - Trimble Navigation Limited
A method for authenticating the location of a site where a **software** package ...
to a data receiving station an **authentication** signal that includes 42 (1) a ...

Content protection for digital transmission systems

US Pat. 6542610 - Filed Aug 11, 1997 - Intel Corporation
When a **software source** or sink is initialized, it performs a full **authentication**
with **authentication** proxy 802. This results in the establishment of a ...

Packet authentication and packet encryption/decryption scheme for security ...

US Pat. 6092191 - Filed Nov 29, 1996 - Kabushiki Kaisha Toshiba
Appropriate **software** coding can readily 10 be prepared by skilled ... at the
step (c) by using an **authentication** key corresponding to the **source** side packet ...

Physical presence digital authentication system

US Pat. 6607136 - Filed May 12, 2000 - Beepcard Inc.
4.4 BASE STATION RECEPTION **SOFTWARE** When any sound is emitted by some sound
source, 35 whether or not the sound **source** is the smart card of the present ...

Local authentication of a client at a network device

US Pat. 6463474 - Filed Jul 2, 1999 - Cisco Technology, Inc.
In one embodiment, **Authentication** Proxy 400 is one or 65 more **software** elements
... The fields include, among other things, values for **source** IP address and ...

Source authentication of download information in a conditional access system

US Pat. 6246767 - Filed Jan 20, 2000 - Scientific-Atlanta, Inc.
Security Manager 626 Security manager 626 is a **software** module of the ... it does
the decryption and **authentication** required for interpretation and with ...

Method and apparatus for data routing, delivery, and authentication in a ...

US Pat. 6181692 - Filed Sep 3, 1998 - Genesys Telecommunications Laboratories Inc
An enhanced Internet-connected **source** server, comprising: an Internet port; at
least one connected client station; and a code set for spawning a **software** ...

Local authentication of a client at a network device

US Pat. 6609154 - Filed Oct 3, 2002 - Cisco Technology, Inc.
In one embodiment, **Authentication** Proxy 400 is one or more **software** elements,
... The fields include, among other things, values for **source** IP address and ...

Method and apparatus for enhancing software security and distributing ...

US Pat. 5724425 - Filed Jun 10, 1994 - Sun Microsystems, Inc.
The problem of authenticating the original **source** of the **software** is accentuated
when **software** is intended to be 55 distributed through networks, ...

Terminal and system for performing secure electronic transactions

US Pat. 6694436 - Filed May 19, 1999 - Activcard

authentication software source - Google Patents

The **source** and integrity can also be verified using an asymmetrical cryptography
 ... B) **Authentication** of the interpreter **software** module 1,20, ...

Remote-auditing of computer generated outcomes, authenticated billing and ...
 US Pat. 5970143 - Filed Aug 8, 1996 - Walker Asset Management LP
 45 a **software** tamper indication such as the digital signature of the game ...
 The system also allows for mutual-**authentication** for an outcome from one game ...

Electronic casino gaming apparatus with improved play capacity ...
 US Pat. 5643086 - Filed Jun 29, 1995 - Silicon Gaming, Inc.
 In addition, the **authentication** of all FIG. 1 system, including a CD-ROM storage
 unit. Also, the casino game program and fixed data **software** ensures the ...

Method and apparatus for proxy authentication
 US Pat. 5913025 - Filed Nov 14, 1996 - Novell, Inc.
 One form of login security comprises a login phase and an **authentication** phase.
 The login phase typically involves prompting a **source** (such as a user, ...

System and method for secure font subset distribution
 US Pat. 6065008 - Filed Oct 1, 1997 - Microsoft Corporation
 A system as recited in claim 15, further comprising: a **source** computer residing at a
 ... the **authentication** module being configured as a **software** component ...

Source authentication of download information in a conditional access system
 US Pat. 6526508 - Filed Dec 26, 2000 - Scientific-Atlanta, Inc.
 50 Security Manager 626 Security manager 626 is a **software** module of the ...
 it does the decryption and **authentication** required for interpretation and 60 ...

Method and apparatus for data routing, delivery, and authentication in a ...
 US Pat. 6512763 - Filed Mar 14, 2000 - Genesys Telecommunications Laboratories, Inc.
 3 is a **software** flow diagram illustrating process connected **source** server is
 provided, comprising an Internet steps taken by a routing agent according to an ...

INFORMATION PROCESSING APPARATUS, INFORMATION PROCESSING METHOD, INFORMATION ...
 US Pat. 6360320 - Filed Apr 14, 1998 - Sony Corporation
 Applied Cryptography: Protocols, Algorithms, and «Encryption for Open VMS, Version
 1.3" Digital **Software Source** Code in C. Oct. 1995. pp. 372-389. ...

System and method for server-to-server data storage in a network environment
 US Pat. 6311213 - Filed Feb 2, 1999 - International Business Machines Corporation
 The **authentication** and data transfer protocol is contained in **software** programing
 44 contained in a computer readable medium at both the **source** and target ...

Packet authentication and packet encryption/decryption scheme for security ...
 US Pat. 6185680 - Filed Mar 29, 2000 - Kabushiki Kaisha Toshiba
 Appropriate **software** coding can readily be prepared by skilled programmers ...
 managed by the packet processing device; judging whether a **source** computer of ...

Smart electrophysiological sensor system with automatic authentication and ...
 US Pat. 6298255 - Filed Jun 9, 1999 - Aspect Medical Systems, Inc.
 Such **source** validation is not possible with standard ROM, PROM or EEPROM memory
 ... The monitor **software** then initiates a smart sensor **authentication** and ...

Using trusted associations to establish trust in a computer network
 US Pat. 5872847 - Filed Jul 30, 1996 - ITT Industries, Inc.

authentication software source - Google Patents

These processes may be implemented in the following ways: user identification;
user **authentication**; dialog **source authentication**, wherein the **source** of all ...

System for secure controlled electronic memory updates via networks

US Pat. 6546492 - Filed Mar 26, 1999 - Ericsson Inc.

It is possible using the system 20 of the present invention to combine the
authentication software program of the **authentication** server 26 with the update ...

User station **software** that controls transport and presentation of content ...

US Pat. 6611862 - Filed Apr 20, 2000

8) Disconnection from server. procedure for the server and a completion status code.
r •> ' call activation and timing, along with an **authentication** 9) ...

Method, system and service for conducting authenticated business transactions

US Pat. 6957199 - Filed Jun 5, 2001

maintain the high level of confidence that they have in **authentication** to the PAMS
... An open **software source** is provided to build business applications. ...

Support of limited write downs through trustworthy predictions in multilevel ...

US Pat. 5692124 - Filed Aug 30, 1996 - ITT Industries, Inc.

These processes may be implemented in the following ways: user identification;
user **authentication**; dialog **source authentication**, wherein the **source** of all ...

Protection of **software** against use without permit

US Pat. 6266416 - Filed May 4, 1998

0 to initiate an **authentication** process in the Smart Card. Encryption at the
level of **source** code, making the 50 arrangement independent of the operating ...

Method of token verification in a key management system

US Pat. 5661803 - Filed Mar 31, 1995 - Pitney Bowes Inc.

First Manufacturing Box 23 For Steel Box initialization, the Steel Box operating
generates a set of Secure Box **Authentication** keys. An RSA 5 **software** is ...

Apparatus and method for performing and controlling encryption/decryption ...

US Pat. 6275588 - Filed Mar 21, 2000 - I-Data International A/S

Write the end of the **source** buffer—possibly including the **authentication** value if
... that the **software** inspects the result of the result of **authentication**. ...

Multilevel network for distributing trusted time and delegating levels of ...

US Pat. 6742048 - Filed Jul 10, 2000 - Advanced Micro Devices, Inc.

Decode of the unlock write data by **authentication** unit 68 to reveal the 65 password
in the ... to access unit 66 that the **source** is RTC driver **software** 108. ...

Network data visualization system and method for downloading visualization ...

US Pat. 6240450 - Filed Jul 22, 1997 - British Telecommunications public limited company

The data visualisation **software** tool will of course in these cases generally be a
... in which case the **authentication** means may authenticate the request ...

User station **software** that controls transport, storage, and presentation of ...

US Pat. 6658464 - Filed Apr 20, 2000

... with an **authentication** procedure for the server and a completion status code.
... processing from a pre-designated external **source** (corresponding to the ...

Hardware **authentication** mechanism for transmission of data between devices ...

US Pat. 5948136 - Filed Jul 30, 1997 - Sony Corporation

Thereafter, when receiving copy-protected data, the **source** identifying value from ... **software** cannot be 40 used to circumvent this **authentication** system. ...

Network provider loop security system and method

US Pat. 6584568 - Filed Apr 12, 1999 - Pinnacle Technology, Inc.

This step can be combined with an additional **authentication** device, ... other processes including operating systems, and the logon **authentication software**. ...

Internet telephony call routing engine

US Pat. 6426955 - Filed Sep 16, 1998 - Transnexus, Inc.

The dialed telephone number is transmitted to the **source** gateway 108 for ... **Authentication** servers 602 are capable of **software**-based cryptographic services ...

Architecture for processing search queries, retrieving documents identified ...

US Pat. 5873076 - Filed Sep 15, 1995 - Infonautics Corporation

In the initial/profile state 130a, session manager **software** system 130 functions with enrollment means 120 and **authentication** means 122 to verify user ...

Method for establishing trust in a computer network via association

US Pat. 6212636 - Filed May 1, 1997 - ITT Manufacturing Enterprises

These processes may be implemented in the following ways: user identification; user **authentication**; dialog **source authentication**, wherein the **source** of all ...

Methods for providing estimates of the current time in a computer system ...

US Pat. 6708281 - Filed Jul 10, 2000 - Advanced Micro Devices, Inc.

Decode of the unlock write data by **authentication** unit 68 to reveal the password in the ... to access unit 66 that the **source** is RTC driver **software** 108. ...

Distributed **authentication** system and method

US Pat. 6230269 - Filed Mar 4, 1998 - Microsoft Corporation

If the check is negative, the server generates key **source** material S as a function such as an shown as a **software** program, such as a dynamically linked ...

Cryptographic key management and validation system

US Pat. 5812666 - Filed Oct 23, 1995 - Pitney Bowes Inc.

15 **software** is loaded and tested in each additional Manufacturing Box 23. ... Startup **Authentication** Key. KMS Computer commands the **Source** Manufacturing Box ...

Smart card pin system, card, and reader

US Pat. 6257486 - Filed Nov 23, 1998 - Cardis Research & Development Ltd.

Keyboard 1006 is scanned by a **software** driver (not shown) in an ... By performing user **authentication** within such a device, the problems indicated in FIG. ...

Apparatus and method for providing an **authentication** system

US Pat. 5844497 - Filed Nov 7, 1996 - Litronic, Inc.

APPARATUS AND METHOD FOR PROVIDING AN **AUTHENTICATION** SYSTEM BACKGROUND OF THE ... risk is incurred since this **software** comes from an external **source**, ...

Secure system for electronic selling

US Pat. 5799285 - Filed Aug 30, 1996

Operation of the System by the password **authentication** protocol (PAP) or challenge/ ... Caller ID numbers download the registration/distribution **software** is ...

Apparatus and method for providing an **authentication** system based on biometrics

US Pat. 6268788 - Filed Sep 15, 1998 - Litronic Inc.

APPARATUS AND METHOD FOR PROVIDING AN **AUTHENTICATION** SYSTEM BASED ON BIOMETRICS This ... risk is incurred since this **software** comes from an external **source**, ...

Secure firewall supporting different levels of **authentication** based on ...
US Pat. 5983350 - Filed Sep 18, 1996 - Secure Computing Corporation
The crypt The **source** address will a secondary key. ... **software** can be obtained from the U'S' Goy- match will be returned. ernment IPSEC implementation. ...

Method for securely distributing a conditional use private key to a trusted ...
US Pat. 5991399 - Filed Dec 18, 1997 - Intel Corporation
This process is called bilat- 40 eral **authentication**. ... compiler that when applied to a well prepared **software** module replaces the plain-text **source** code ...

Method for storing multi-media information in an information retrieval system
US Pat. 5659742 - Filed Sep 15, 1995 - Infonautics Corporation
4A)- Such document **source** selection(s) permit the user of Query server **software** 116a includes a plurality of search user station 102 to focus ±s user's ...

Method of manufacturing generic meters in a key management system
US Pat. 5680456 - Filed Mar 31, 1995 - Pitney Bowes Inc.
First Manufacturing Box 23 **software** is loaded and tested. The Secure Box ID is set to generates a set of Secure Box **Authentication** keys. ...

Trusted workstation in a networked client/server computing system
US Pat. 6477648 - Filed Mar 23, 1997 - Novell, Inc.
2), and in step 134 the workstation operating system **software** is downloaded from the server to the workstation. The user login and **authentication** process is ...

Stream data processing system and stream data limiting method
US Pat. 6611534 - Filed Apr 14, 1999 - Kabushiki Kaisha Toshiba
3 shows an example of the **authentication** and key exchange procedures used in this embodiment. A device that transmits contents is indicated by **Source** Device ...

Method and apparatus for witnessed **authentication** of electronic documents
US Pat. 5872848 - Filed Feb 18, 1997 - Arcanvs
In one embodiment, in which the cryptographic **software** on the authenticator computer ... In one embodiment of the invention, the encryption **software** on the ...

Patents

Patents 1 - 15 on **authenticating product source server digital**. (0.12 seconds)

[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

Method and apparatus for authenticating the location of remote users of ...

US Pat. 5757916 - Filed Oct 6, 1995 - International Series Research, Inc.
The host comprised of sine wave superpositions, and then producing authentication server then employs **digital** signal processing a& analog-to-**digital** ...

Securing Web server source documents and executables

US Pat. 6393420 - Filed Jun 3, 1999 - International Business Machines Corporation
The computer program **product** for securing Web 10 **server** content according to claim 28, wherein said computer-readable program code means for **authenticating** ...

Authentication and authorization pipeline architecture for use in a web server

US Pat. 6985946 - Filed May 12, 2000 - Microsoft Corporation
The computer data **product** according to claim, **authenticating** the identity of ...
object correspond certificate obtained from a **source** trusted by the **server**, ...

Using device certificates for automated authentication of communicating devices

US Pat. 6826690 - Filed Nov 8, 1999 - International Business Machines Corporation
Authenticating the first device may further comprise: decrypting the received first **digital** signature using the public key stored the first device ...

Using device certificates to authenticate servers before automatic address ...

US Pat. 6823454 - Filed Nov 8, 1999 - International Business Machines Corporation
Authenticating the **server** device may further comprise: decrypting the received first **digital** signature using the public key stored ...

System and method for distributed learning

US Pat. 6155840 - Filed Sep 18, 1998 - At Home Corporation
The distributed learning **server** includes distributed learning control modules, ... by **authenticating** the presenter and, if necessary, audience members. ...

Method and apparatus for content protection in a secure content delivery system

US Pat. 6763370 - Filed May 12, 1999 - Softricity, Inc.
According to one embodiment of the invention, a **server** apparatus ... to access a **source** of titles comprises the steps of (a) **authenticating** a launch string ...

Method and apparatus for populating a form with data

US Pat. 6589290 - Filed Oct 29, 1999 - America Online, Inc.
In the Internet example, remote **server** computer 846 might transmit a requested ... The method of claim 1 further comprising: **authenticating** said user before ...

Computer-based communication system and method using metadata defining a ...

US Pat. 6088717 - Filed Aug 31, 1998 - OneName Corporation
... rule defining a process for **authenticating** a **source** of received information;
... A **product** for use in connection with a **digital** computer connected to a ...

Secure multicast flow

authenticating product source server digital - Google Patents

US Pat. 7263610 - Filed Jul 30, 2002 - ImagicTV, Inc.
The policy **server** then sends a response DTU to the switch and/or router ...
the present invention provides a method for **authenticating** a request for a ...

System and method for protecting data streams in hardware components
US Pat. 7069590 - Filed Feb 17, 2000 - Microsoft Corporation
The distribution **server** 32 includes an encoder 34 that encrypts and ... The **product**
secures the **source** material by keeping an encrypted copy of the content ...

Systems and methods for securing extranet transactions
US Pat. 6799177 - Filed Oct 25, 1999 - Verizon Corporate Services Group Inc.
6 represents a method for **authenticating** a user's identity from a transmission
... An access control policy **server** 160 may determine the access privileges ...

Co-location service system equipped with global load balancing (GLB ...
US Pat. 7174378 - Filed May 29, 2001 - NitGen Technologies, Inc.
J ^ . . , T ^ T T ^ , . . . e , , for leasing a **server** by plural companies, ...
installed in tion **product** while restricting access to decrypted **digital** 55 ...

Secure electronic procurement system and method
US Pat. 7054844 - Filed Jan 5, 2001 - BCE Emergis Inc.
transactions and lor **authenticating** electronically in a non- Due diligence ...
secure procure- Web **Server**—**source** code security and redundancy. ment system. ...

Message providing apparatus
US Pat. 6717522 - Filed Jun 16, 2000 - Toppan Printing Co., Ltd.
A semiconductor memory stores advertisement information as **digital** data ...
Product image association or fixing in a selling space can be promoted together ...

Patents Patents 1 - 34 on **authenticating software source server digital signature OR signing**. (0.12 seconds)
[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

Computer security

US Pat. 6298445 - Filed Apr 30, 1998 - Netect, Ltd.
 In the disclosed invention, the **server** is remotely connected to the A **digital signature** is provided by a **software** security package residing at a remote ...

System and method for managing copyrighted electronic media

US Pat. 5765152 - Filed Oct 13, 1995 - Trustees of Dartmouth College
 A relay grated into an application environment by way of a **source** section that is ... **server** and proven by the **digital signature** in the response signals, ...

Method and apparatus for authenticating the location of remote users of ...

US Pat. 5757916 - Filed Oct 6, 1995 - International Series Research, Inc.
 Using **software** intensive tion **server** 250, such as that illustrated in FIG. ... satellite observations to create a **digital** location **signature** prevents the ...

Systems and methods for authenticating documents

US Pat. 7007303 - Filed Oct 10, 2001 - Xerox Corporation
 any known or later developed **source** that is capable of providing image data to the embodiments the document information includes a **digital signature**. ...

Using device certificates for automated authentication of communicating devices

US Pat. 6826690 - Filed Nov 8, 1999 - International Business Machines Corporation
Authenticating the first device may further comprise: decrypting the received first **digital signature** using the public key stored the first device ...

System and method for managing copyrighted electronic media

US Pat. 6807534 - Filed May 31, 2000 - Trustees of Dartmouth College
 An authorization **server** is connected for data transfer between an internal ... an encrypted **digital signature** to the media, thus **authenticating** the media. ...

Source authentication of download information in a conditional access system

US Pat. 6246767 - Filed Jan 20, 2000 - Scientific-Atlanta, Inc.
 Media **server** 609 may be connected to head end 515 by a broadband integrated ... digest, and **digital signature** services for other applications executing on...

Method for authenticating a JAVA archive (JAR) for portable devices

US Pat. 6766353 - Filed Jul 11, 2000 - Motorola, Inc.
 The code **signing** authority is a trusted entity, such as, for example, Verisign, Inc., ... by adding the developer's **digital signature** (element 312 from FIG. ...

Using device certificates to authenticate servers before automatic address ...

US Pat. 6823454 - Filed Nov 8, 1999 - International Business Machines Corporation
Authenticating the **server** device may further comprise: decrypting the received first **digital signature** using the public key stored ...

Temporary digital signature method and system

US Pat. 6393563 - Filed Nov 10, 1998 - International Business Machines Corporation

authenticating software source server digital signature OR signing - Google Patents

Since an authentication process (specifically, the **signing** of a document using a ... The **server** examines the **signature** on the document, confirms that the ...

System and method for secure font subset distribution

US Pat. 6065008 - Filed Oct 1, 1997 - Microsoft Corporation

FIG. is a flow diagram of a method for **authenticating** a subsetted font file. ...

The **signing** module 48 stores the **digital signature** together with the font ...

Authority and integrity check in systems lacking a public key

US Pat. 6477645 - Filed Feb 3, 1999 - Intel Corporation

A **digital signature** is a device by which the **source** and integrity of transmitted information can be verified. Before the installation of **software** or the ...

System and methods for managing **digital** creative works

US Pat. 7047241 - Filed Oct 11, 1996 - Digimarc Corporation

Through the registration **server**, for example, information providers of any ...

an encrypted **digital signature** to the media, thus **authenticating** the media. ...

Automated transaction machine **digital signature** system and method

US Pat. 7216083 - Filed Mar 5, 2002 - Diebold, Incorporated

The storage **server** includes **digital signature software** 308 which may be operative

... **server** 322 may include one or more encryption and/or **digital signing** ...

Intelligent electronic appliance system and method

US Pat. 6850252 - Filed Oct 5, 2000

Each **digital signature** includes a **signing** party identifier and an encrypted ...

and system for **authenticating** and auditing access by a user to non-natively ...

Unique **digital signature**

US Pat. 6795919 - Filed Mar 29, 2000 - Intel Corporation

A third response is to record the failed unique **digital signature** in the ...

on a stand-alone **server** w (eg, 428), or in an add-on **software** component in ...

Authentication and authorization pipeline architecture for use in a web **server**

US Pat. 6985946 - Filed May 12, 2000 - Microsoft Corporation

The computer data product according to claim, **authenticating** the identity of ...

a **digital signature**, a **digital** tained within the corresponding data object ...

Systems and methods for **authenticating** and verifying documents

US Pat. 7130445 - Filed Dec 19, 2002 - Xerox Corporation

If the **digital signature** is verified, then the verifier will generate a ...

such as a client or **server** of a network, or the Internet, and especially the ...

System and method for managing transmission of electronic data between ...

US Pat. 6314468 - Filed Dec 16, 1998 - MCI WorldCom, Inc.

Id, the client sets an SSL I/O reference data to the **server**, ... to the peer

system will also be used for any **digital** system. **signing** that is required. ...

Method and apparatus for an adapted **digital signature**

US Pat. 6615348 - Filed Apr 16, 1999 - Intel Corporation

3 depicts a presently preferred adapted **digital signature** technique; and FIG.

4 is a flowchart depicting steps for **authenticating** an inbound electronic ...

Path sealed **software** object conditional access control

US Pat. 7150035 - Filed Mar 20, 2001 - General Instrument Corporation

authenticating software source server digital signature OR signing - Google Patents

The sealing operation includes adding a **digital signature** to the message ...
be combined with some method of the client **software authenticating** itself. ...

Accessing remote stores of **source** and symbol data for use by computing tools

US Pat. 7062750 - Filed Jul 16, 2001 - Microsoft Corporation

The method of claim 21 wherein **authenticating** the client includes receiving a **digital** certificate from the client, and communicating with a certificate ...

System and method for production and authentication of original documents

US Pat. 7152047 - Filed May 24, 2000 - eSecure.biz, Inc.

Further, a **digital signature** of the document content, which may be code ...
case of self-**authenticating** documents, for each document printed, the **software** ...

Systems and methods for **authenticating** and verifying documents

US Pat. 7268906 - Filed Dec 19, 2002 - Xerox Corporation

If the **digital signature** is verified, then the verifier will generate a ...
such as a client or **server** of a network, or the Internet, and especially the ...

Method of **authenticating** a plurality of files linked to a text document

US Pat. 7117367 - Filed Jun 4, 2002 - International Business Machines Corporation

The slightest change in the signed document will cause the **digital signature** verification process to fail. Furthermore, the **signing** key cannot, ...

Using trusted associations to establish trust in a computer network

US Pat. 5872847 - Filed Jul 30, 1996 - ITT Industries, Inc.

The SNIU may be implemented in the form of a **software** program executed on a ...
and a **digital** certificate and **signature** corresponding to a second SNIU ...

Secure network architecture method and apparatus

US Pat. 6189101 - Filed Oct 24, 1997

These and other tools provide certain **software** solutions whereby one party can sign a **digital** document and another party can authenticate from the **source** ...

Internet file safety information center

US Pat. 7096493 - Filed Dec 21, 2000 - Gary G. Liu

This is certainly much faster than letting millions of users update their anti-virus **software**. The system offers advantages over the **digital signature** 35 ...

System and method for **authenticating** an operating system to a central ...

US Pat. 7174457 - Filed Mar 10, 1999 - Microsoft Corporation

5 6 the OS digest are input to a hash function to generate a **software** programs,
... unit will abide by the capable only of **signing**, not for encryption. ...

Server-assisted regeneration of a strong secret from a weak secret

US Pat. 6829356 - Filed May 17, 2000 - VeriSign, Inc.

Examples include personal computers, computer workstations, and **digital**
and/or be wholly or partially from another **source**, such as biometric **signature** ...

System and method for secure three-party communications

US Pat. 7181017 - Filed Mar 25, 2002 - David Felsher
